FONTAINE

outdoor shower

FONTAINE

outdoor shower

On the beach or by the pool, the Fontaine Outdoor Shower provides an innovative solution to outdoor water requirements.

FEATURES INCLUDE:

- Stainless steel outer construction
- Matching satin nickel fittings
- Separate pressure balance control for shower
- Separate pressure balance control for foot rinse
- Separate shut-off control for hose attachment
- Pre-plumbed for easy installation
- Low maintenance

OTHER UNITS AVAILABLE:

3KRBFESSSN includes 8" shower head with jets.

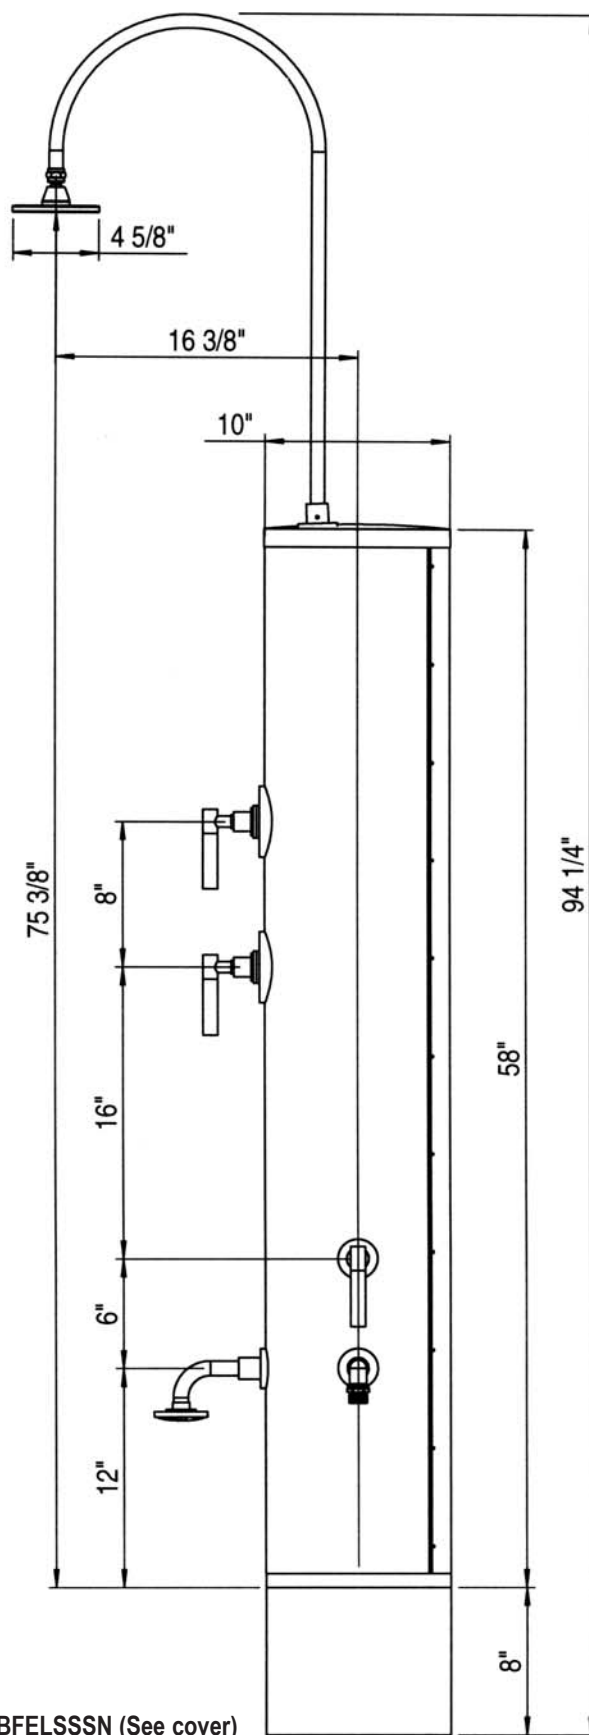

3LRBFELSSSN includes 8" shower head less jets.

3MRBFELSSSN includes 12" shower head with jets. (Shown)

3NRBFELSSSN includes 12" shower head less jets.

INSTALLATION:

Units must be installed on a concrete foundation with hot and cold water supply pipes embedded in the concrete. Use the supplied template ring to position four 1/2" bolts to secure the unit. The 8" base allows for a choice of ground level material such as interlocking stone, sand or wood.
